Grade 11 Section \_\_\_\_\_

### *2012EC SECOND SEMESTER Worksheet 3FOR GRADE 11*

**Direction I: Write "True" if the statement is correct and write "False" if the statement is incorrect on the blank space provided.**

- \_\_\_\_\_ 1. The Atlas of Morocco and the cape Ranges of south Africa have the lowest temperatures as a result of their high altitudinal and high latitudinal location.
- \_\_\_\_\_ 2. The Westerly winds bring rain fall to the Maghreb region of North Africa and the Cape province of South Africa in their winter seasons.
- \_\_\_\_\_ 3. In July, the position of ITCZ is around the Tropic of Capricorn.
- \_\_\_\_\_ 4. The tropical maritime climate receives heavy rainfall almost throughout the year as a result of the Mozambique ocean current which brings Warm and rain.
- \_\_\_\_\_ 5. The tropical desert and semi – desert receive less than 250mm and 250 to 500mm of rain per year, respectively.

**Direction II. Matching items; Match items under column 'A' with**

\_\_\_\_\_ **those of column 'B'**

#### Column 'A'

#### Column 'B'

- |   |                               |
|---|-------------------------------|
| _____ 6. Found between 5° and 15° N       | A. Warm Temperate             |
| _____ and S latitudes                     | continental climate           |
| _____ 7. An example of continental desert | B. The equatorial climate     |
| _____ 8. The smallest of all the climatic | C. Savanna (Tropical) climate |
| _____ regions of Africa                   |                               |

9. The type of climate that is

D. Highland climate

**Predominantly found in the**

E. Mediterranean climate

-

equatoria and tropical highlands of  
Africa

10. Dry summer and wet winter

F. Sahara

11. The type of climate that is dominant

between 6° or 7° N and S latitudes

12. Found in the Northern and Southern

tips of Africa

**Direction III. Multiple choice: Choose the correct answer from the given**

**alternatives (A,B,C, and D) and write the letter of your choice on  
the blank space provided.**

\_\_\_\_\_ 11. The distribution of temperature in Africa shows seasonal variation. Why does such a  
variation in temperature occur? Because;

A. Of the apparent movement of the ITCZ between the two tropics

B. Of the shifts of the overhead sun between the Tropics of Cancer and Capricorn

C. The planetary winds and atmospheric pressure belts shift north and south of the  
equator

\_\_\_\_\_ D. The equator crosses Africa almost at its north – south center

12. The following statements are true about the summer season in the Northern

Hemisphere which corresponds with the months of June, July and August except the :

- A. The high sun angle occurs in Africa north of the equator
- B. The Sahara and other parts of Northern Africa experience high temperature
- C. West African coastal areas and the Ethiopian Highlands get their heavy rainfall
- D. The Maghreb region, where Mediterranean type of climate dominates, gets its maximum rainfall

13. As the Orographic type of rain is to Ethiopia, the convectional type of rain fall is to:

- A. The democratic Republic of Congo(DRC)
- B. Morocco
- C. The Republic of South Arica
- D. Bihe plateau of Angola

14. Which one of the following climatic characteristics does not have the equatorial type of climate?

- A. It has a high mean monthly and mean annual temperatures throughout the year
- B. The animal range of temperature is between 1°C to 3°C.
- C. The cyclonic type of rain fall is dominant
- D. High rain fall, falling throughout the year

\_\_\_\_\_15. In January, when the sun is over head near the Tropic Capricorn Southern Africa gets heavy rainfall which parts of the region remains dry in January?

- A. South east Africa
- B. The high veld of south Africa
- C. The Congo Basin

D. The cape province of south Africa

**Direction IV. Fill the blanks palace with an appropriate word/phrase**

16. When it is summer in Argentina, the season in Ethiopia is \_\_\_\_\_

17. The dominant rain fall type in Western and Central Africa is \_\_\_\_\_

**Direction V. Short Answer**

18. Elaborate the Ten countries of Africa that have equatorial type of climate

1. \_\_\_\_\_

2. \_\_\_\_\_

3. \_\_\_\_\_

4. \_\_\_\_\_

5. \_\_\_\_\_

6. \_\_\_\_\_

7. \_\_\_\_\_

8. \_\_\_\_\_

9. \_\_\_\_\_

10. \_\_\_\_\_
